

# MATERIAL SAFETY DATA SHEET

## 32041

### 1. Chemical product and company identification

#### 1.1. Product identification

32041 acrylic foam tape

#### 1.2. Application of the article

Double sided acrylic foam tape suitable for mounting objects

#### 1.3. Company identification

Option Tape Specialties N.V./S.A.

Frankrijkstraat 8

9180 Temse

Belgium

Tel.: +32 (0)3 710 19 19

Fax.: +32 (0)3 711 34 64

info@optiontapespecialties.com

www.optiontapespecialties.com

#### 1.3. Emergency information

Tel.: +32 (0)3 710 19 19

### 2. Hazards identification

Not dangerous when used under normal conditions

Eye contact Adhesive may cause irritation

Skin contact Adhesive may cause irritation

Inhalation Adhesive may cause irritation

Ingestion Not an expected route of entry during normal use and handling

### 3. Composition/information on ingredients

Chemical name	CAS #	Wt. %
Acrylate polymer	9017-68-9	83
Tackifier	Trade secret	5
Polyethylene film liner	9002-88-4	12

### 4. First aid measures

General first aid measures In case of doubt or persistent symptoms, contact a physician

Eye contact Flush with plenty of water

In case of persistent symptoms, contact a physician

Skin contact Try to detach carefully with a blunt object

Flush with plenty of water and soap

In case of persistent symptoms, contact a physician

Inhalation Remove to fresh air

In case of persistent symptoms, contact a physician

Ingestion Do not induce vomiting, contact a physician immediately

### 5. Firefighting measures

#### 5.1. Extinguishing media

Water, dry chemical, foam, carbon dioxide

#### 5.2. Precautions

Use self contained breathing apparatus and personal protective equipment

# MATERIAL SAFETY DATA SHEET

## 32041

### 5.3. Hazardous products of combustion

Carbon monoxide, carbon dioxide and traces of other carbon products

## 6. Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

Avoid contact with skin, eyes or clothing

### 6.2. Environmental precautions

Use appropriate container to avoid environmental contamination

### 6.3. Methods and material for containment and cleaning up

Clean up with acetone

## 7. Handling and storage

### 7.1. Precautions for safe handling

Keep away from heat/sparks/open flames/hot surfaces

No special technical protective measures required

### 7.2. Conditions for safe storage

Store in a cool dry place

### 7.3. Specific use(s)

Wash hands with soap and water after use

## 8. Exposure controls/personal protection

### 8.1. Control parameters

No special measures are necessary

### 8.2. Exposure controls

Respiratory protection	Avoid breathing of thermal decomposition products
Hand protection	Wear protective gloves, if necessary
Skin protection	Normal work wear
Eye protection	Wear protective goggles, if necessary

## 9.1 Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Form	Solid
Colour/appearance	Transparent
Odour	Slight acrylate odour

## 10. Stability and reactivity

### 10.1. Incompatible materials

No hazardous reactions when stored and used under normal circumstances, avoid acids and oxidizers

### 10.2. Conditions to avoid

None known

### 10.3. Hazardous decomposition products

Carbon monoxide, carbon dioxide and traces of other carbon products

### 10.4. Reactivity

Heat, spark, flame or ignition sources

### 10.5. Chemical stability

Stable under normal conditions

## 11. Toxicological information

### 11.1. Acute toxicity

Adhesive may cause irritation

# MATERIAL SAFETY DATA SHEET

## 32041

### 11.2. Chronical toxicity

n/a

### 11.3. Acute damage/symptoms

Eye contact	Adhesive may cause irritation
Skin contact	Adhesive may cause irritation
Inhalation	Adhesive may cause irritation
Ingestion	Adhesive may cause irritation

### 11.4. Chronical damage/symptoms

Eye contact	In case of persistent symptomes, contact a physician
Skin contact	In case of persistent symptomes, contact a physician
Inhalation	In case of persistent symptomes, contact a physician
Ingestion	In case of persistent symptomes, contact a physician

## 12. Ecological information

### 12.1. Ecotoxicity

The material does not present environmental hazards

### 12.2. Persistence and degradability

n/a

### 12.3. Bioaccumulative potential

n/a

### 12.4. Mobility

n/a

### 12.5. Results of PBT and vPvB asesessment

n/a

## 13. Disposal considirations

This product can be recycled either in an authorised disposal unit or by controlled incineration.

Packaging and waste are to be disposed in accordance with local regulations

## 14. Transport information

Not classified as dangerous under transport regulations

## 15. Regulatory information

Not classified as dangerous within the meaning of EEC regulations

## 16. Other information

This sheet supplements but does not replace the product technical data sheet. The provided information is based on our knowledge of the product in question and it is information given in good faith. The attention of the user is also drawn to risk which may be involved when a product is used for purposes other than that for which it is designed. The accuracy of the information given in this sheet cannot be guaranteed. This information, which is given to our customers in good faith, for the sole purpose of informing and assisting them in their research cannot give rise to any formal or implicit guarantee with regard to its use. As result, Option Tape Specialties shall not be held responsible for any damage of any kind regarding the issue of this document. Similarly, no information contained herein shall be interpreted as an authorisation or recommendation on use of products which would breach rights protected by patent rights.
